

Commercial Goods Shipping

Written by Administrator
Wednesday, 28 November 2012 06:29 -

We pride ourselves in knowing how to ship anything, from commercial machinery to an art collection or a shipment of hand made kitchen doors. We will collect your goods and arrange for a full load container (**FCL**) or part load (**LCL**) dependant upon your requirements.

We realise how difficult it can be to ship certain goods, but we always adopt the mantra 'Where there's a will, there's a way'. If you're a company, or you wish to send goods to a company abroad, then we can arrange for your shipment to arrive in a safe, secure and efficient way. We like a challenge!

Fragile items? No problem, our professional packing service ensures that your goods will arrive in pristine condition, the same as they left!

Whatever the goods, we will strive to find THE best solution, to get them delivered with the minimum of fuss.

We also provide a storage service if your goods have a deferred delivery time-line.

And yes, we can offer full insurance for any lost or damaged goods, under specific terms and conditions, when using our Commercial Shipping Services. Please enquire for more details and information.
